

School-to-Home Connection for Parents

Dear Parents and Guardians,

We are pleased to provide students 24-7 FREE home access to educational resources from Istation. Istation provides computer-adaptive assessments and instruction for reading, math, and Spanish literacy to keep students learning from school, home and beyond!

What is Istation?

Istation is an award-winning, comprehensive educational technology program that helps students achieve academic growth.

Why do kids love Istation?

The animated, game-like interface engages and motivates students. Istation reduces test-taking stress and improves learning by making practice feel more like play.

What will my child have access to?

Subscription varies by school or district, but may include:

- Online access to Istation instruction maintains individualized learning paths between school and home.
- Remote assessment tools help teachers track student progress and personalize learning.
- Interactive books allow students to learn and apply reading skills and strategies based on ability.
- Ipractice lets students choose activities as they navigate instruction on their own.
- Parent Portal provides online access to supplemental home activities and printables, parent resources, and personalized, easy-to-read data reports to track your student's progress.
- Assignments offer extra practice activities assigned by the teacher.
